

Diana Huang

Senior Gameplay Engineer @ Rec Room

San Antonio, TX 78212

T: (510) 378 - 9223 E: dianaquang@gmail.com

Portfolio: dhuang19.github.io

Summary

Highly motivated and experienced Senior Gameplay Engineer with a proven track record of shipping high quality features and improving player experiences. Seeking to leverage my technical skills and cross platform development experience to contribute to a creative and challenging development environment.

Experience

Senior Gameplay Engineer @ Rec Room

2021 - Present

- ❑ Led the end-to-end development of a contextual ping system, collaborating with designers on prototyping, writing technical specifications, and implementing the full feature stack. Shipped on schedule, increasing player time spent by 0.6% and 7-day retention by 0.2%.
- ❑ Boosted game performance and reduced load times by 2.3 s by leading performance investigations, implementing scene preloading, parallelizing asynchronous operations, and optimizing asset bundle downloads.
- ❑ Directed the development of the inventory tagging system, defining project scope, authoring client and server technical designs, and coordinating with internal teams to ensure on-time delivery.
- ❑ Engineered a wide range of gameplay features (rebindable hotbar, new UI, progression systems, new controls) for a seamless cross-play experience in a live service product that ships weekly to 9 different platforms.
- ❑ Consistently provided feedback on code reviews and technical design documents. Mentored junior devs through weekly 1:1s.
- ❑ Developed a custom Unity editor tool to streamline the art pipeline, enabling artists to directly upload avatar items and consumables to test servers.

Associate Software Engineer @ Blizzard Entertainment, Inc.

2020 - 2021

- ❑ Contributed to the development of 'Echo,' a player feedback processing tool for Diablo Immortal, by enhancing the UI, implementing server APIs, and writing complex SQL queries for large-scale data processing.
- ❑ Improved QA pipeline efficiency by implementing a Jenkins bootstrapper to automate tool updates and provided live support for emergent issues.

	Software Engineering Intern @ Blizzard Entertainment, Inc. 2019 ❑ Developed a tool to ensure network integrity by architecting a reporting system and extending a core testing API to integrate with multiple proprietary services. ❑ Mentored aspiring developers as a teaching assistant for the 'Girls Who Code' program's "Intro to C#" course.
Projects	Software Engineer @ MechMania 24 & 25 2018 - 2019 ❑ Led a team of three developers to build a game data visualizer in Unity for a 24-hour AI hackathon. ❑ Built a map generation tool to streamline game design workflow. ❑ MechMania is a 24-hour AI hack-a-thon at the annually hosted Reflections Projections technology conference at UIUC.
Professional Skills	Gameplay Systems & Feature Dev ❑ Full-cycle Feature Development ❑ Rapid Prototyping ❑ Multiplayer Networking ❑ 3D Math, Physics ❑ Cross-Platform UX Performance and Optimization ❑ Performance Investigation ❑ Asset Optimization ❑ Memory Leak Debugging ❑ Asynchronous Programming Quality & Best Practices ❑ Code Quality Standards ❑ OOP & Design Patterns ❑ Unit Testing & Automated Tests ❑ Developer Workflow Optimization Technical Leadership & Architecture ❑ Stakeholder Management ❑ Technical Design & Documentation ❑ Scope Management
Technology	❑ Programming Languages: C#, C++ ❑ Engines, Frameworks, APIs: Unity, Unreal, .NET, OpenAI Realtime ❑ Version Control: Git ❑ Development Tools: Photon, Unity Addressables, Statsig, Amplitude, RESTful services, Cursor ❑ Game Platforms: Playstation (PS4/PS5), Xbox, Steam, Standalone, VR, iOS, Android
Education	University of Illinois at Urbana-Champaign, Class of Winter 2019 ❑ B.S. in Computer Science & Linguistics. Dean's List ❑ TA for Intro to Unity course 2017 - 2018
Game Credits	❑ Rec Room (In development) - Senior Software Engineer @ Rec Room ❑ Diablo Immortal - Associate Software Engineer @ Blizzard Entertainment ❑ World of Warcraft: Shadowlands - Associate Software Engineer @ Blizzard Entertainment
